A. Review Requested

The B-Mets organization has proposed to constructed a new pavilion to replace the tents which have been in use. As the property is owned by the City of Binghamton, the project must be reviewed by the Commission on Architecture and Urban Design (CAUD).

B. Proposal

The B-Mets propose to construct a 3,275 square foot covered pavilion area north of the stadium seats. The area is already paved, and has been used for a picnic area in the past. The pavilion would be open-air, constructed of wood framing, with a metal roof. The roof would be painted the same blue already used in the stadium.

C. Staff Findings

Staff does not have any concerns regarding this proposal.
