## INTERVIEW & FOCUS GROUP PARTICIPANTS

---

**B**LUEPRINT BINGHAMTON is very thankful for the thousands of community stakeholders who made time to help shape this Plan for our City. While a full list of everyone who dropped by the Project Design Studio or shared a comment online is impossible to produce, please know that your thoughtful comments and good ideas touch every page of the Plan. If you look closely, you may hear your own voice or see your own face on the pages of this book.

The lists below document all who gave generously of their time and expertise in an interview, focus group, or design charrette.
