

Board of Electrical Examiners

Requirements of All Applicants for a Journeyman Electrician Class “B” License for the City of Binghamton

1. A Journeyman Electrician License, Class “B” shall authorize the licensee to perform the duties of a Journeyman Electrician in the City of Binghamton, but only for the purpose of working on a single continuous job or installation at one location or property. **The Class “B” licensee is required to be on the job site at all times while electrical work is being performed. No person shall be on the job site that calls themselves a Licensed Journeyman unless he or she has a City of Binghamton License or a Class “B” License issued by the City of Binghamton. All apprentices shall be registered in an approved apprenticeship program.**
2. Only one (1) Class “B” License can be issued in a twelve (12) month period.
3. Please submit the application, required documentation, and check or money order made payable to the **City of Binghamton** for \$50.00. If your application is rejected for any reason, the check will be returned with a letter stating the reason the application was denied. Applications will not be accepted without check or money order.
4. Such License may be renewed on or before the expiration thereof for a period necessary to complete the job for which the License was issued. The renewal fee is \$50.00.
5. You must completely fill out the Journeyman Electrician Class “B” License application and provide all necessary information. **The application must be notarized.**
6. You must also provide written documentation that you are a holder of a current Journeyman Electrician License from a municipality whose licensing program is comparable to the City of Binghamton’s Electrical Ordinance. If possible, a copy of the requirements for a Journeyman Electrician License from the municipality in which your license was issued. All documentation must be notarized and on the letterhead of the company supplying the information.
7. No application will be considered without meeting all above requirements.
